Join Dabney Hailey to hone your skills in listening as a group, discerning unexpected details in art, and sharing your observations. Come grow your visual thinking skills!

**CREATIVE CAREERS IN DESIGN**

How do professionals use human-centered design in their work? Come to our panel to find out! You’ll also learn how you can use human-centered design in your own upcoming careers! Check our website to learn more about our panelists and their jobs in design.

---

**APRIL**

**POP-UP CLASS**
**OVIDIAN FIGURES**

Ovid’s Metamorphoses begins with the poet’s intention: “To tell of bodies changed / To different forms.” How does one body, one constellation of matter, assume another shape? We will answer this by analyzing and describing, describing and drawing.
